for reserved parking based solely on frequent use of a private vehicle throughout the day and difficulty in finding a vacant space upon return will not normally justify assignment of a reserved space. Markings indicating the space as "reserved" and associated assigned numbers will be accomplished upon approval of a request for reserved parking.

6. Abandoned Vehicles. AFI-plated vehicles left unattended without a long term parking pass for 120 days or more will be considered to be abandoned. They will be processed as described in reference (a) in coordination with the Motor Vehicle Registration Office.
