I.C.E. COMMENT
Interactive Customer Evaluation (I.C.E.) allows DOD customers to rate products and services provided by DOD offices and facilities worldwide. Your comments and input are used to improve the products and services available to you.

Comment: What are the rules regarding curbing your pets in areas around the base? I often see pet owners walking their dogs in the vicinity of Berkey Field and in the vicinity of playgrounds around base. These owners often allow their pets to urinate and defecate on the artificial turf surfaces at Berkey Field where commands perform command physical fitness training or on the playground surfaces where children play. Are there any unauthorized dog walking areas on base? We need better enforcement of people with their pets around base.

Response: Thank you for your submission to ICE and for bringing this situation to our attention. Dogs are not permitted on playgrounds or on the artificial turf fields at Berkey Field. Newly arriving pet owners receive information during their housing brief regarding responsible pet ownership and it is noted in the housing manual. Additionally, Morale Welfare and Recreation will be posting signs reminding our residents that our artificial turf fields are “No Dog Zones.”

Currently, we have dog parks on the main base at the Briggs Bay Field across from the middle school, and in Ikego near the main gate. We ask that all pet owners be considerate to other members of the community regarding this matter.
