I.C.E. Comment
Interactive Customer Evaluation (I.C.E.) allows DOD customers to rate products and services provided by DOD offices and facilities worldwide. Your comments and input are used to improve the products and services available to you.

Comment: I’m writing to complain about a group of teenagers that are in the basketball court everyday constantly being disrespectful and an irritation. My command and I spend our command physical training playing basketball, and they are always interfering with our game. We asked them politely to step aside while we play, they ignored us and gave very ugly side comments. We asked the MWR staff at gear issue desk to help with this matter, which they were very professional for doing so. Even after one of the staff talked to them, the teenagers continue to be disrespectful.

Response: Thank you for your feedback on the Quality of Life programs here in Yokosuka. Management has been notified and actions will be taken to address the behavior of these individuals. Our Purdy Fitness Center staff has also been given guidance to contact supervisors on shift to deal with these incidents.
