1. Purpose. To publish the mission, functions and tasks (MF&Ts) of Commander, Joint Region Marianas (CJRM) established by reference (a).

2. Authorities.

   a. Commander, Navy Installations Command (CNIC) delegates to CJRM the authority to organize, man, train, maintain, and equip assigned Navy base operating support functions and infrastructure within the CJRM Theater of Operations.

   b. In accordance with reference (b), CJRM has the responsibility to oversee and coordinate matters of wide-ranging service interest throughout their assigned geographic region.
CNRH may direct the actions of all tenant and visiting commands, including those commands not otherwise aligned to an installation, on matters concerning the safeguarding or preservation of Navy owned or controlled property and the security, safety and welfare of all individuals and families onboard Navy owned or controlled property. This authority includes, but is not limited to, all matters related to force protection and emergency management.

3. Mission. Within CJRM, to serve as the single responsible office, advocate, and point of contact for Navy installations; to provide consistent, effective, and efficient shore installation services and support to sustain and improve current and future fleet readiness and mission execution; to provide unified and consistent practices and procedures, standards of service, and funding to manage and oversee shore installation support to the fleet; to execute delivery of installation services through Navy facilities and installations; and to coordinate policy, planning, budgeting, execution, and reporting for all shore installations.

4. Status and Command Relationships

   a. CJRM is an Echelon 3 shore activity in an active, fully operational status.

   b. In accordance with references (c) and (d), U. S. Pacific Command (PACOM) will be the reporting senior for CJRM. Close coordination will be required between United States Pacific Command (PACOM) and CNIC for all Navy installations.

      (1) CJRM will report under the administrative control (ADCON) to CNIC to accomplish the mission outlined in paragraph 3 above. Additionally, ADCON includes the authority over subordinate shore installations with respect to administration and support, including control of resources and equipment, personnel management, unit logistics, training, and discipline.

      (2) Reference (e) assigns Commander, United States Fleet Forces Command (COMUSFLTFORCOM) as the executive agent for Navy anti-terrorism and force protection (ATFP) and will establish and implement ATFP standards and policies for Navy units. COMUSFLTFORCOM will execute tactical control of shore anti-terrorism requirements through CJRM.
c. Echelon levels above and below CJRM are as follows:
