This total must represent the actual cash position of the recreation fund at the end of the period and will be shown on line 1 of the succeeding period statement. If this total does not agree with the end of period cash position of the recreation fund (line 43), either a computation error exists on the statement or it is the result of erroneous records maintained during the period.

f. The **BANK INFORMATION** section will be completed as follows:
Line 44. **AMOUNT COLLATERALIZED THROUGH CNIC N9.** Deposits or investments that exceed the insurance limit at a particular institution must be collateralized or moved to an account at another Federally insured institution. Accounts are collateralized when the depository institution delivers acceptable U.S. Treasury Securities to a Federal Reserve Bank. Collateral is required for U.S. Public Funds in excess of insured limits by Title 31, Part 200, of the Code of Federal Regulations (usually referred to as Treasury Circular 176).

Collateral can be obtained by sending a written request to CNIC N9488, Treasury Operations Section; 5720 Integrity Dr, Millington, TN 30855-6520. The request should contain the amount of collateral needed, the depository institution, address of the main office of the depository institution and accurate account information. CNIC N9488 will contact the depository institution and request and verify the collateral.

Line 45. **AMOUNT OF FEDERALLY INSURED (FDIC) BANK DEPOSITS.** Any institution in which Navy MWR funds are deposited must have Federal insurance. Banks and savings and loans are insured through the FDIC, which is an agency of the U.S. Government. Verification of FDIC insurance should be obtained before any deposit or investment is made. FDIC insurance regulations treat Navy MWR funds as public unit accounts and thus entitle MWR funds to $250,000 insurance coverage for the aggregate of all time and savings deposit accounts at a particular institution. (For example, a Recreation Fund with $90,000 in a checking account and $90,000 in savings and time deposits with an FDIC insured institution would have the entire $180,000 completely insured.

    g. The **STATISTICAL DATA** section will be completed as follows:

Line 46. **ACTIVITY'S AUTHORIZED MILITARY PERSONNEL ALLOWANCE AS OF THE REPORT DATE.** Reflect the total manning level of the command/unit at the end of the period.

Line 47. **ACTIVITY'S ACTUAL NUMBER OF MILITARY PERSONNEL AS OF THE REPORT DATE.** Reflect the actual number of active duty military personnel on board at the end of the period as compared with the activity's authorized allowance.

Line 48. **TOTAL NONEXPENDABLE PROPERTY.** Reflect the total dollar acquisition cost of all nonexpendable property (property acquired with a unit cost of $1,000 or more) procured from NAFs.
of the recreation fund and held at the end of the period. This amount must equal the total value of property on hand as shown on the Property/Equipment Inventory Record.

**Line 49. VEHICLE INVENTORY RECORD.** All recreation fund-owned vehicles, camping trailers, boat trailers and like equipment requiring a United States Navy (USN) registration number purchased with NAF or acquired through surplus listings, will be listed with a description by make, model type, year, serial number and USN registration number. The above data should be complete, accurate and up-to-date.

3. **Certification of Financial Statements.** Completion of the certification requirements on CNIC Form 7010/1 must be met before the statement can be accepted or retained as an official document. Financial statements must be signed by the recreation fund custodian and or a member of the recreation fund committee and the CO. Undated or unsigned statements will be returned to the originator for appropriate corrective action.
