Gate 6 closure

Gate 6 will close 20 August in support of the Hampton Blvd. Grade Separation Project. Activation of the new detour road will necessitate the closure of Gate 6 since current access from Hampton Blvd. will be lost. Commuters should plan accordingly.

Hampton Blvd. Update

Due to ongoing VDOT construction of the Hampton Blvd. Grade Separation Project, commuters will soon see the activation of a new Hampton Blvd. detour road in late August. A new detour roadway to the east, between B Ave. and Rogers Ave., will continue to facilitate traffic access along the Hampton Blvd. corridor to and from the installation. The new detour roadway under current construction will contain flex-posts separating north and south lanes and will be equipped with appropriate street lighting, traffic signalization, and sidewalk access along the east side of the new detour road only.
